ACCESS PASS POLICY

Sacred Wild Wellbeing believes that financial circumstances should not prevent people from accessing opportunities that support their health, wellbeing and personal development.
Our Access Pass has been created to reduce financial barriers for individuals on low incomes and provide greater opportunities for participation in our community activities.

Eligibility and personal use

- Access Passes are awarded to eligible individuals to support their personal access to Sacred Wild Wellbeing activities.
- Each Access Pass is personal to the named recipient and is non-transferable.
- Access Pass holders may only use their own discount when purchasing their own event tickets.
- Access Passes cannot be used to purchase discounted tickets on behalf of friends, family members or other individuals.
- Each attendee must have their own correctly registered ticket.

Fair and responsible use

These conditions apply equally to all Access Pass holders.
They enable Sacred Wild Wellbeing to maintain accurate attendance records, fulfil its safeguarding and health and safety responsibilities, and ensure that limited concessionary provision is distributed fairly.

Equality, inclusion and reasonable adjustments

Sacred Wild Wellbeing is committed to equality, diversity, inclusion and accessibility.
We will consider reasonable adjustments in accordance with our responsibilities under the Equality Act 2010. Where an individual requires an adjustment relating to their circumstances or accessibility needs, they are welcome to contact us before booking any events so that their request can be considered appropriately. While reasonable adjustments will be considered wherever possible, these cannot always be guaranteed due to the nature of the events and the service's available resources and capabilities.

Review of Access Passes

Where the conditions of an Access Pass are not followed, Sacred Wild Wellbeing reserves the right to review its continued use and take proportionate action in accordance with its policies and applicable legal obligations.

Our aim is to ensure that the Access Pass continues to fulfil its intended purpose: making wellbeing opportunities more accessible to those who need financial support.
